p. 1 of 1

To Whom it may concern

Subject: Comment on application of heat-insulating foam diatomite brick KPD400-I produced by "Diatomovy Kombinat" Ltd.

Dear Ladies and Gentlemen!

«DON EQUIPMENT CC» company bears a relationship of long duration with "Diatomovy Kombinat" Ltd - (Diatomit-Invest Production Investment Company, Ltd.). According to contract liabilities with the above mentioned company, Diatomovy Kombinat effected deliveries of its foam diatomite production, specifically heat-insulating foam diatomite brick KPD400-I to Eshafan, Islamic Republic of Iran – Esfahan Steel Company (ESCO) for coke-chemical battery reconstruction.

The production has successfully passed through supervisory control, carried out by Irani independent inspective company I.R.I.T.E.C.

Performance specifications and brick package meet all the requirements (low thermal conductivity, high mechanical strength, light weight, geometrical dimensions, excellent production quality).

In connection with these facts the demand for foam diatomite production is extremely high and our company is targeting to further cooperation with Diatomovy Kombinat in the sphere of external-economic deliveries to Asian countries and the Orient.
